

Agenda

2026 Enveyo Engage

MONDAY, APRIL 13, 2026

Early Arrival

Pre-Event Networking Opportunities

Join one of our exciting opportunities to connect, engage, and kick off Engage before the main event begins:

- **Golf at Talking Stick Resort:** Join us for a morning on the course at Talking Stick Resort, with tee times beginning at 10:00 a.m. Enjoy the Arizona sunshine, relaxed networking, and a little friendly competition along the way. It's the perfect way to build relationships before the conference officially kicks off.
- **Early Engage Hours:** Get exclusive access to Enveyo's executive team, account management, and data analysts during pre-scheduled meetings designed for deeper conversations. Bring your questions, explore strategic insights, and discuss real-world challenges in a smaller, collaborative setting.

4:00 PM

Hotel Lobby

Hotel Check-In Begins

5:30-8:00 PM

Degree 270

Opening Reception, Registration, and Dinner

Grab your badge and enjoy a relaxed evening of great food, meaningful conversation, and a short welcome from Enveyo owners John Errebo and Coby Nilsson. It's the perfect way to connect and set the tone for Engage.

8:00-10:00 PM

Lobby Bar

Late Night Networking

Keep the conversations going in a fun, informal setting with fellow attendees and the Enveyo team.

TUESDAY, APRIL 14, 2026

8:00-8:30 AM

Breakfast and Registration

8:30-9:20 AM

Roadrunner A/B

Welcome and Engage Kick-Off

John Errebo, Co-Founder & CTO, Enveyo
Coby Nilsson, Co-Founder & CEO, Enveyo

SESSION 1

9:30-10:20 AM

Quail E

Cloudroute: New Customer/Carrier Onboarding

This session covers the end-to-end process for onboarding new customers and carriers within Cloudroute, including credential setup, customer configuration, and initial rate structure alignment. Learn best practices that ensure a smooth launch, accurate rating, and long-term operational stability.

9:30-10:20 AM

Quail D

Insights: Data Sets, Dashboards & Discovery

Turn your parcel data into a powerful story. In this session, learn how to build impactful datasets, choose the right visualizations, and design dashboards that drive smarter decisions. Discover best practices for automating reporting, identifying anomalies, and delivering executive-ready insights that elevate your shipping strategy.

9:30-10:20 AM

Roadrunner A/B

Modeling: Loading the Right Inputs: Agreements, Data & Rules That Matter

This session introduces the essentials of transportation modeling in Enveyo, from loading carrier agreements to preparing clean, model-ready data. Learn how to prepare your model with confidence and build defensible cost strategies.

SESSION 2

10:30-11:20 AM

Quail E

Cloudroute: Technical Overview

A high-level walkthrough of Cloudroute's API capabilities, integration structure, and best practices for ensuring reliable, scalable system connectivity. Learn how to confidently leverage APIs to support carrier connectivity, automate workflows, and ensure reliable, scalable shipping execution.

10:30-11:20 AM

Roadrunner A/B

Insights: Adding New Carriers & Customers

Bringing on a new carrier or customer doesn't have to be complex. This session outlines a step-by-step onboarding framework—from data ingestion and agreement setup to billing logic and validation, so you can confidently scale your Enveyo environment.

10:30-11:20 AM

Quail D

General: Enriching Your Data By Leveraging Metadata in Rulesets

Unlock the full power of your data. This session breaks down how Rulesets and Metadata work together to normalize, enrich, and transform transportation data. Learn how to streamline data handling, layer in operational context, and build a stronger analytical foundation inside Enveyo.

TUESDAY, APRIL 14, 2026 CONT.

11:30-12:00 PM

Roadrunner A/B

Customer Success Story

12:00-1:00 PM

Roadrunner B Patio

Lunch Roundtables

Join a topic-focused roundtable during lunch. Select the conversation that aligns with your priorities and spend time connecting with peers to exchange best practices, insights, and real-world ideas.

1:00-2:00 PM

Roadrunner A/B

Enveyo Customer Panel

Join a candid conversation with Enveyo customers as they share how they're using data, modeling, and automation to drive smarter shipping decisions. Hear what's working, what they've learned, and how they're turning visibility into measurable results across their operations.

2:00-2:45 PM

Roadrunner Foyer

Break

3:00-9:00 PM

Meet in Hotel

Lobby at 3:00 PM

Cave Creek Wild West Fun

Step into the spirit of the Old West with an unforgettable evening in Cave Creek. Choose your adventure with an ATV ride through the desert or a guided horseback ride under wide open Arizona skies. Then channel your inner cowboy with classic Western games and challenges. The experience wraps up with a hearty cowboy feast and drinks, perfect for swapping stories and soaking in the Wild West atmosphere together.

WEDNESDAY, APRIL 15, 2026

8:00-8:30 AM

Roadrunner B Patio

Breakfast

SESSION 1

8:30-9:20 AM

Quail E

Cloudroute: Rate Configuration

An in-depth overview of how Cloudroute calculates and manages customer pricing, including cost configuration, rate structures, and tools for reviewing and validating rates. Leave this session understanding how to confidently review, troubleshoot, and optimize rating logic to ensure accuracy and protect your margins.

8:30-9:20 AM

Quail D

Insights: Billing Calculation Rules Best Practices

Master the logic behind accurate customer billing. This session explores how billing calculation rules work, how to test them effectively, and how to build scalable billing frameworks that reduce risk and increase confidence.

8:30-9:20 AM

Roadrunner A/B

Modeling: Executing with Accuracy - Analysis & Best Practices

Move from setup to strategy. In this session, learn how to execute transportation models, interpret results, uncover savings opportunities, and validate assumptions to ensure confident, data-driven decisions.

SESSION 2

9:30-10:20 AM

Quail E

Cloudroute: What High-Performing Teams Do

Learn how high-performing teams configure Cloudroute to stay flexible as workflows evolve and carrier strategies shift. This session highlights proven approaches that enable scalable connectivity, automation, and consistent execution without disruption.

9:30-10:20 AM

Quail D

Insights: Billing Process Troubleshooting

Strengthen your billing confidence. This session shares proven validation workflows, troubleshooting techniques, and reporting strategies that help teams minimize discrepancies and build a repeatable, scalable billing process.

9:30-10:20 AM

Roadrunner A/B

General: Setting Up Your Enveyo Instance for Success

Set your Enveyo environment up for long-term success. This session covers governance, validation, user permissions, billing logic, and reporting best practices to create a scalable, high-performing instance.

10:30-11:20 AM

Roadrunner A/B

Enveyo Demo

Deep dive demo into features and functionality launched in 2025.
Coby Nilsson, Co-Founder & CEO, Enveyo

WEDNESDAY, APRIL 15, 2026 CONT.

11:30-12:30 PM

Roadrunner B Patio

Lunch Roundtables

Join a topic-focused roundtable during lunch. Select the conversation that aligns with your priorities and spend time connecting with peers to exchange best practices, insights, and real-world ideas.

12:30-1:30 PM

Roadrunner A/B

The Future of Enveyo + Closing Remarks

Get a forward-looking view of where Enveyo is headed, including upcoming innovations, product priorities, and what they mean for you. We'll close with key takeaways and what's next as we continue building the future of data-driven shipping together.

John Errebo, Co-Founder & CTO, Enveyo

Coby Nilsson, Co-Founder & CEO, Enveyo

2:00-4:30 PM

Roadrunner A/B

Optional: Engage Hours

Get exclusive access to Enveyo's executive team during pre-scheduled meetings designed for deeper conversations.
